Hi Walter,

Yes, Tuesday afternoon would work well for me if you still have some availability. It will just be me on the call with the goal of providing some high-level informal feedback on the allocation process. Have a great weekend. Thanks.

Best,

Jessica

Hi Jessica,

I've got some time on Tuesday afternoon (11/7) and Thursday morning 11/9. Let me know if either of those times work. Also, and perhaps more to the point, can you give me a sense of what you would want to discuss?

As you know, though I am an attorney, I don't work for EPA in an attorney position anymore. If there are attorneys on a call, it would be appropriate for EPA to have one of our attorneys on the call as well.

Walter

Hi Walter,

It was great to see you last month and we greatly appreciated the opportunity to meet with you and your Passaic River team. We hope that things are continuing to go well, especially the clean up in PR. We know that you have your hands full but if you can spare a few minutes, I would like to quickly update you on a few of the items that we discussed on our last call. Please let me know if you are available to touch base by phone in the next week or two. Thanks very much.

Best,

Jessica
